Gay Page has served as Executive Director of the Colorado Federal Executive Board (CFEB) since January 2009.

She is responsible for formulating and planning the programs and services offered by CFEB, developing and maintaining open lines of communication from the White House

and agency headquarter offices in Washington D.C. to and among the Agency Directors throughout Colorado, and coordinating the activities of the CFEB Executive Committee. Gay directs the Councils and initiatives within the three CFEB business lines, which are Emergency Preparedness, Human Capital Readiness, and Intergovernmental Collaboration and Community Outreach, and she serves on the National FEB Council for Intergovernmental Collaboration.

She has extensive experience in both the public and private sectors and began her career as an entrepreneur, owning a consulting company that specialized in managing non profit organizations, developing corporate training programs, and managing conferences and events.
