

IS YOUR NET WORKING?

Networking Is

Making contacts

Developing relationships

Staying in touch

Utilizing resources and serving others

For people with goals and dreams

An attitude of support and camaraderie

Being gracious and generous

Sharing information with integrity

Expressing yourself positively

Asking and offering in a non-demanding manner

Appropriate for all personality types

What are your greatest personal and professional support connections today?

Networking is Not

Selling

Impersonal

Passing out business cards

Using other people

For people who "need help"

A time consuming technique

Being abrasive, aggressive or brash

Name-dropping or impressing others

Glorifying yourself

Manipulation or intimidation

Only for "outgoing people"
